Perfect for a variety of video surveillance applications, the Toshiba IK-WB70A IP network bullet camera features an extra wide dynamic range CMOS sensor that yields superior images in virtually any lighting condition. Plus, because it has advanced day/night capabilities and IR illumination with coverage up to 15 meters, you can use it with total confidence indoors or outdoors for 24-hour video surveillance. Better yet, unlike other cameras in its price range, the IK-WB70A has an IP66-rated housing that shields its sensitive electronics from dust and water. This makes it unbeatable when it comes to reliability.

Plus, you also get the advantages of:

- Dual streams
- 3GPP mobile surveillance
- 802.3af PoE
- 2-way audio by SIP
- HTTPS encrypted data transmission.
